## Old Time Quality and Value

For more than three-quarters of a century these have been the first choice of small game hunters, young marksmen and just plain plinkers. Sleek slide-action speed and reliability plus an extremely safe design make these perfect for beginners and an heirloom to pass on to your son or your grandson. Three styles, two finishes and two calibers, .22 LR in rifle or carbine with blue or nickel finish — or blued rifle with octagon barrel in .22 LR. Also the new M59 rifle chambered for the potent .22 Magnum. They're hard to beat for service... can't be beat for price!

**THE COVER:** Trapshooters who have had two decades in which to become familiar with the Browning BT-99 may be excused if they hardly recognize the latest offering from the folks in Morgan, Utah. The BT-99 Plus Shotgun boasts, among other features, an adjustable stock and ported barrel. For more, see p. 58. Cover design by Doug Barnes; photo by John R. Lamson.
