

PATTERNED FOR SUCCESS!

Howa

We combined the incomparable Howa barreled action with a rugged lightweight carbelite stock to give you one of the finest hunting combinations available today! But we didn't stop there! They're custom figured in one of the most versatile camouflaged patterns now offered -- the Realtree Brown Leaf pattern! The Howa Camouflaged Rifle features a mono-block receiver - machined from a single billet of high carbon steel, three-rail action for a faster bolt, a positive sliding thumb safety, hinged floor plates for fast, safe unloading, drilled and tapped for scope mounts, sling swivel stud and recoil pads and available in .30-'06 and .270 calibers

THE COVER: These are black rifles made for all seasons, the Olympic Arms Multimatch ML2 (top), and an original Colt-made AR-15. More than ever, the AR-15 in all of its emerging variants is capturing the hearts of America's shooters. This month, the rifles, next month Part II, the after-market goodies. Design by Stephen McKelvin, photo by Bryan Payne.

CAUTION: All technical data in this publication, especially for handloading, reflects the limited experience of individuals using specific tools, products, equipment and components under specific conditions and circumstances not necessarily reported in the article and over which the National Rifle Association (NRA) has no control. The data have not otherwise been tested or verified by the NRA. The NRA, its agents, officers and employees accept no responsibility for the results obtained by persons using such data and disclaim all liability for any consequential injuries or damages.
