## THE NRA

The National Rifle Association of America is a nonprofit organization supported by the membership fees of public-spirited citizens. Its purposes are to educate and train citizens of good repute in the safe and efficient handling of firearms; to foster a knowledge of small arms and the ability to use them among members of law enforcement agencies and the armed services, and all other citizens who would be subject to service in the event of war; to promote social welfare and public safety, law and order, and the national defense. Membership in NRA is available to any reputable citizen of the United States.

# the gun that dares to be different

## BROWNING DOUBLE AUTOMATIC 12 gauge

It's different from any shotgun ever produced! Different . . . to make your shooting more effective — your hunt in field or marsh more enjoyable — and you less tired at the end of the day. The Browning Double Automatic was designed to be different . . . with a purpose.

... One pound less to carry — you have 12 gauge performance with a gun that's light as a 20.

... A balance that intensifies its lightness — it carries, points and swings as if it were part of you.

... The comfort of cushioned recoil — pleasant to shoot whatever your size and weight.

... Split-second loading — you'll load it faster and easier, even with gloves, right or left hand.

... Shoots all loads without adjustment — all 2¾ inch shells in any combination without adjustment of any kind.

Heft it — Load it — Swing it — Shoot it  
You'll distinguish the difference!
