

NORINCO .22LR JW-15 The Best of Everything

Patterned on the world famous Czech Brno ZXM (standard training rifle for many of the world's armies) — at less than 1/3 the price!

A strong, accurate, reliable bolt-action in .22 LR with 5-shot quick detachable, in-line box magazine.

Solid, all-steel action with dual locking lugs and twin extractors.

Prime, prewar Mauser-style flat-top receiver features an integral dovetailed rib that fits all the popular rimfire scope mounts.

Full 24-inch barrel with hooded ramp front sight and a rear sight adjustable for windage and elevation.

Classic Model 70-style bolt-mounted safety locks both firing pin and bolt handle.

Tough, weather resistant man-sized stock with full pistol grip and military-width 1" sling swivels.

They weigh in at only 5½ pounds!

THE COVER: The Dakota 22 LR Sporter is field tested by Finn Aagaard beginning on p. 32. Design by Jon C. Bock and photos by Carl Neustrand.

CAUTION: All technical data in this publication, especially for handloading, reflects the limited experience of individuals using specific tools, products, equipment and components under specific conditions and circumstances not necessarily reported in the article and over which the National Rifle Association (NRA) has no control. The data have not otherwise been tested or verified by the NRA. The NRA, its agents, officers and employees accept no responsibility for the results obtained by persons using such data and disclaim all liability for any consequential injuries or damages. See asterisked * section page 4.

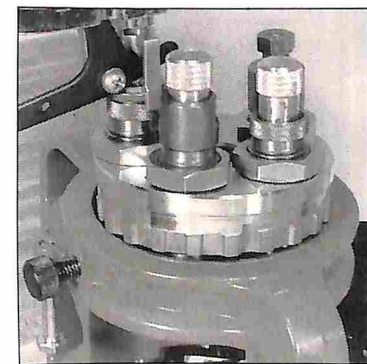

The finest reload

- A Big Press with advanced features. The ram is 1½ inches in diameter. Stroke and clearance sufficient to handle the largest magnum cases.
- Loads rifle or pistol rounds with equal ease.
- Load progressively or singly with never any spilled components.
- Five stations so you can factory crimp and post size.
- Automatic indexing with a wedge-lock mechanism that will actually hold a ton.
- Positive and foolproof priming system that is easy and fast to fill.
- Removable turrets. Change calibers in seconds.
- Case inserter and optional 4-tube feeder.
- Loaded round ejector with a chute to the catcher.
- Quick change shell plate. No tools needed.
- Grease and oil fittings insure a lifetime of service for even the commercial reloader.
- Easy-to-empty primer catcher.

IMPROVED CARRIER CLAMPING

Eliminates indexing and priming problems caused by a shifted carrier.

Owners of 1992 Load-Masters who have experienced priming or indexing problems because the carrier has moved out of position should order #99000 Repair Kit. It is very easy to do and the kit is free!

Precision 5-Hole Turret
with 20 locking lugs takes just seconds to change.

Send \$1 today for your new 24-pg. catalog that's jammed packed with reloading bargains!
