

# PHILIPS

Let's make things better.

## The Philips High-Definition Flat TV as seen from two points of view. His. And Hers.

Now there's a TV for both you and your better half. One that offers a larger-than-life image without taking up your whole living room. Philips Flat TVs are available in a wide range of screen sizes ranging from 15" to 50" in standard and widescreen formats. With a depth of less than 4.5 inches, Flat TVs not only save space, the incredible high-definition picture is flat-out amazing. And the design is enough to enhance any room. So any way you look at it, a Philips Flat TV will give you maximum impact with minimal disruption of your home. And, quite possibly, your marriage.
