LIFE'S PICTURES

After 18 months in the Near East John Phillips (right) has photographed everyone from nightclub dancers in bawdy, overcivilized Cairo to Marshal Tito, and everything from King Farouk's palace in Egypt to Teheran conference. Here Photographer Phillips is with Captain James Goodwin, U. S. liaison officer in Yugoslavia who suffered 23 shrapnel wounds in Partisan raid whose story Phillips tells in pictures and words on pages 93-101.

The following list, page by page, shows the source from which each picture in this issue was gathered. Where a single page is indebted to several sources, credit is recorded picture by picture (left to right, top to bottom) and line by line (lines separated by dashes) unless otherwise specified.

Do you like mid-morning coffee? Use Nescafé... made in a minute... Saves so much work and trouble.

A teaspoonful in a cup
 Add hot water it's ready

A quick cup of
FULL FLAVORED COFFEE
 —that's Nescafé

TEMPORARILY, THE ARMED FORCES ARE TAKING ALL THE NESCAFÉ WE MAKE. When military requirements have been met, Nescafé will again be available at your grocer's.

FULL FLAVORED, because in Nescafé all the aroma and flavor of freshly roasted coffee are "sealed in" by added carbohydrates, a distinctive process developed by Nestlé's. In Nescafé, all the fragrance, goodness and stimulation of fine coffee are preserved for you, roaster fresh, until released in your cup.

And Nescafé is so easy to prepare... a coffee extract, powdered for your convenience, it saves so much time and work. There's no coffee maker to get ready or to clean, no grounds to dispose of. Each cup is made to individual taste, always delicious, always the same.

Nescafé is economical, too, especially so as you make only the amount you want... you get all the advantages

NESCAFÉ (PRONOUNCED NES-CAFAY) IS A NESTLÉ PRODUCT, COMPOSED OF EQUAL PARTS OF SKILLFULLY BREWED SOLUBLE COFFEE AND ADDED CARBOHYDRATES (DEXTRINS, MALTOSE AND DEXTROSE) ADDED SOLELY TO PROTECT THE FLAVOR.
