Get to your cancelled flight on time.

A massive blizzard can turn a 20-minute ride to the airport into a 20-minute ride to the airport. In a Range Rover 4.0 SE, that is. With electronic traction control, all-terrain ABS, and permanent four-wheel drive, it's designed to hold snow-covered roads as deftly as it does no-covered roads. In addition, it has electronic air suspension, which enables you to elevate the Range Rover automatically and drive through a blanket of snow on top of a blanket of snow. AND no matter how miserable it gets outside, such amenities as heated front seats and a six-disc CD player make it hardly noticeable inside. Why not call 1-800-FINE 4WD for the nearest Land Rover dealer? OR visit our Web site at <http://www.LandRover.com>. At \$55,500,* it isn't your everyday investment. It is, however, your everyday vehicle.
