Q: I'm thinking about quitting my Wall Street job to pursue my passion for the great outdoors. What do you recommend?

Leaving for Greener Pastures,  
New York City

Dear Pastures,

I would guess that you have a ton of cash and a cushy life. Why give that up? Try taking a long vacation. Trust me, after a month of roughing it in the outdoors, you're going to miss your fancy loft and German automobile.

And call me when you get back, I need some investment tips.

At your service,  
The Naysayer
