**WHY LET
A BACKACHE
RUIN YOUR
DAY?**

Advil contains a nonprescription strength of ibuprofen. Use only as directed.
Appearance of the brown Advil tablet and caplet is a trademark of Whitehall. © 1994 Whitehall Laboratories, Madison, NJ.

Take Advil® for backache pain relief. Just one Advil is as effective as two regular strength aspirin or two regular strength Tylenol®, yet Advil is gentler to your stomach than aspirin. In fact, doctors recommend Advil for relief of backache and muscle aches more than any other nonprescription brand. So take Advil and keep active.
