A tale of two Texans

J. R. TODD of Crane, Texas, has this to say about his I. C. S. Course in Certified Public Accounting:

“ My I. C. S. training is really paying off. Already, I'm netting \$120 a month profit on my investment—with more to come. Dividends like these are convincing proof of the value of I. C. S. training. ”

Few investments pay you as well as the time and money you spend preparing yourself for advancement. I. C. S. records offer convincing proof of this fact. Each year, I. C. S. receives more than 1500 letters from students reporting salary increases and promotions.

H. A. HOWELL of Big Spring, Texas, completed the I. C. S. Course in Architectural Drawing, is currently enrolled in the Complete Architectural Course. He writes:

“ I got my present job on the strength of my I. C. S. training. As a result, I'm \$100 a month richer. You can see why I'm so sold on I. C. S. ”

What they are doing, you can do. And now's the time to start. Your first step: marking and mailing the coupon. It brings you a wealth of information about the career that interests you.
