Picture yourself going places

You've done it often. Call it day-dreaming if you like, but you've seen yourself in a bigger job—giving orders and making decisions—driving off in a smart new car—buying your family a fine home.

There's nothing wrong with dreams. But how about making them come true? You can do it, if you're willing to try!

Look around you. The men who are going places are the trained men. They've learned

special skills that bring them better jobs and higher pay. It's the men without training whose dreams never come true.

What are you going to do about it? Just wait and wish? If you really want to succeed, you can get the training you need by studying at home in your spare time. International Correspondence Schools offer you a course in just about any field you choose, giving you the practical plus the bedrock facts and theory. No skimming or skimping! And you'll be earning while you learn. Students report better jobs and more pay within a few months.

Look over the list of subjects in the coupon below. Pick out the one that interests you most—the one that holds the greatest future for you. Then mark the coupon, and mail it today. Find out what I. C. S. can do for you. It costs only a stamp or postcard, but it's the first step if you want to go places!

SMARTEST THING HE EVER DID

"I noticed that the trained men held the better jobs. That's when I decided to take an I. C. S. course. Enrolling was easy. I was one of the smartest things I ever did. The position as Plant Engineer I hold today is largely due to the 'know-how' derived from my I. C. S. texts. I. C. S. can help any man who will study."

L. P. S., Elkhart, Ind.
