in Europe

Chesebrough went out for a nautical background, then cleverly solved the problem of a pale blue Simca Sports with this colorful setting—a Bank in Newport Beach.

## LATE NEWS

### Printing Strike . . .

As this page goes to press we are faced with a printing strike which may or may not affect our 24 page rotogravure section. This concerns pages 19 through 42.

### Monaco Grand Prix . . .

Stirling Moss won the second round of the World Championship driving a Maserati. Fangio took over Collins' Ferrari on the 54th lap and finished second, 6 seconds behind Moss. The winner's average speed was 64.9 mph, slightly slower than last year when Trintignant (Ferrari) averaged 65.8 mph.

### Mille Miglia . . .

Our European representative Bernard Cahier gives brief results of this race on page 52, and a full report will appear next month. What he doesn't tell is that he actually drove in the race, finishing 8th overall in the small sedan class with his brand new Dauphine. Bernard, you are fired!

### No Watkins Glen . . .

"The Sports Car Club of America wishes to announce that it will not sanction a race at Watkins Glen, New York during the 1956 season."

"Early this year the S.C.C.A. sent a list of minimum requirements to the Watkins Glen Grand Prix Corporation, setting forth certain conditions that it deemed absolutely necessary before further negotiations could be held. Due to the inability or unwillingness of the Watkins Glen Grand Prix Corporation to meet the standard sanction requirements asked by the Club, a future meeting planned to discuss alterations to the circuit in the interests of driver and spectator safety could not be held."

"Because of its responsibility to its members and the general public, the Sports Car Club of America has no recourse but to end negotiations for this year."

David R. Allen, Public Relations Director.
