

ARTICLES

- 28 **THE STELLARATOR**, by Lyman Spitzer, Jr.
An account of one approach to the attainment of controlled fusion reactions.
- 36 **CELLS AT HIGH PRESSURE**, by Douglas Marsland
It is well known that temperature affects cellular processes. What about pressure?
- 44 **THE TAILS OF COMETS**, by Ludwig F. Biermann and Rhea Lüst
At least some of these tails are blown from comets by a wind of charged particles.
- 63 **THE INDO-EUROPEAN LANGUAGE**, by Paul Thieme
This extinct tongue is partly reconstructed by comparing its modern descendants.
- 79 **THE REGENERATION OF BODY PARTS**, by Marcus Singer
How is it that a salamander can regrow an amputated limb but a man cannot?
- 95 **ULCERS IN "EXECUTIVE" MONKEYS**, by Joseph V. Brady
An account of experiments in which psychological stress causes physiological ills.
- 104 **LIGNIN**, by F. F. Nord and Walter J. Schubert
About progress in the isolation and analysis of an important constituent of wood.
- 114 **BOGS**, by Edward S. Deevey, Jr.
These wet spots on the land may play a significant role in the climate of the earth.
