Y. 10019.

SPORTS AFIELD—June 1968

This is the new Norelco Tripleheader Speedshaver® 35T, 1968 model. When tested in an independent lab, this Norelco shaved as close or even closer than a leading stainless steel blade, in two out of three shaves. It's the closest, fastest Norelco ever.

We used to say we dared to match shaves with a blade.

Now we dare any blade to match shaves with a Norelco!

Let them try to match our 18 rotary blades that won't nick or pinch.

Or our three famous Norelco floating Microgroove™ heads that swing into every curve of your face.

Let any other shaver try to match all these Norelco features: pop-up trimmer, 110/220 voltage selector, snap-open cleaning, coil cord, on/off switch.

And for a close shave with or without a cord, the Norelco Rechargeable

Tripleheader 45CT. Over three weeks of shaves on a single charge. Nearly twice the shaves per charge of any other rechargeable.

Or the battery-powered Norelco Cordless 20B. Or the Norelco 'Flip-Top' 25—ideal first shaver. Quite a lineup. Any wonder we dare anyone to come as close?

Now we dare any blade to match shaves with a new Norelco.

Norelco®
the close, fast, comfortable electric shave.
