

The Browns have a Modest Home BUT STILL THEY CAN AFFORD A CRANE KITCHEN

The Sink and Cabinets for this
Kitchen on F.H.A. Payment Plan
\$16⁷⁶
PER MONTH

THE Browns have a modest home—it's small and compact—just suited to their needs... yet this home has the finest kitchen that one could put into any house, anywhere! It's a Crane Kitchen—designed for the utmost efficiency... planned to combine the last word in step-saving efficiency with arrangement and features that make life more enjoyable.

Frankly, the Browns hesitated before deciding on a Crane Kitchen. They thought, as many do, that Crane Equipment, because of its higher quality, must necessarily be high in price. Then they checked with their plumbing contractor and found that

a Crane Kitchen, complete to the last detail, cost far less than they expected... and what's more, it was easy to buy on a convenient monthly budget plan.

No matter how modest your home... no matter how slender your budget... there's a Crane Kitchen designed for you... a Crane Kitchen containing a sink that's a joy to use... sturdy cabinets that offer plenty of storage space... all arranged to fit your needs and desires.

Visit your plumbing contractor—let him show you what Crane has to offer you in kitchen equipment. Then ask him about the convenient Crane F.H.A. plan that makes it so easy for you to have a Crane Kitchen.
