Smart-looking tile ceiling that quiets noise costs only a little more than ordinary ceiling materials . . . and you can install it yourself

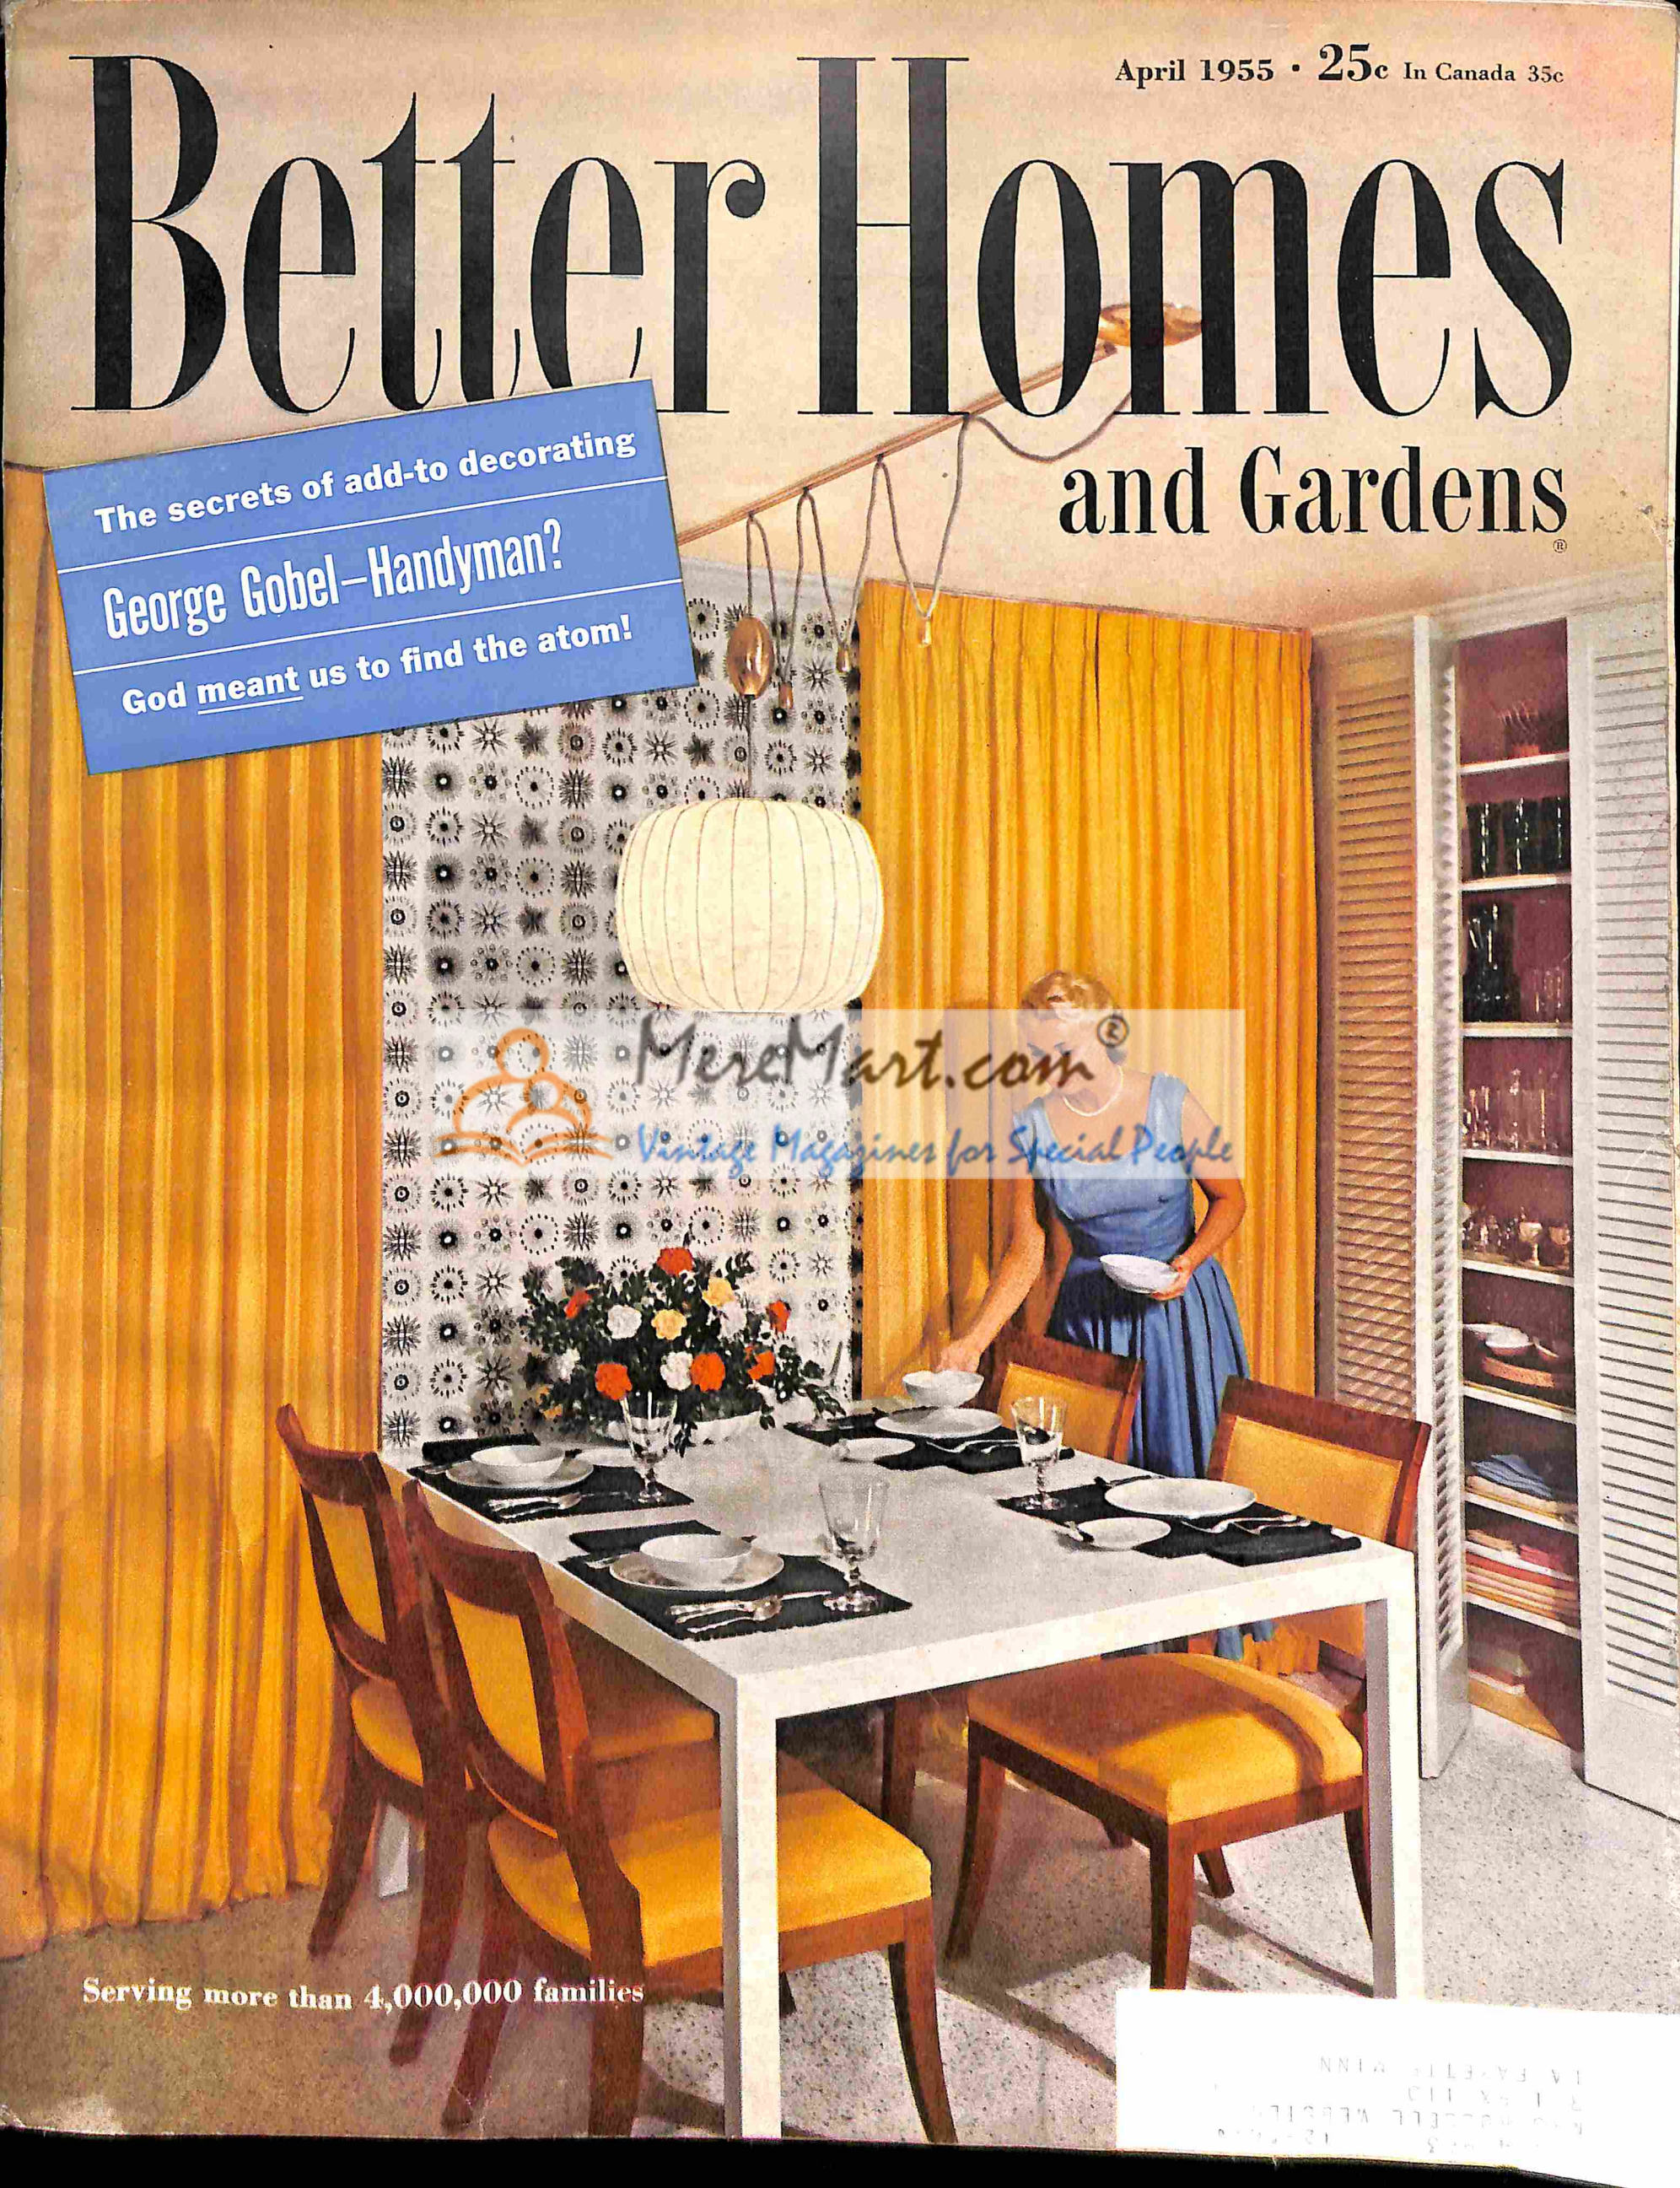

Parties are more fun under a Cushiontone ceiling. Sounds of voices, phonograph, dancing feet, games never get a chance to build up into nerve-jangling din. Guests will compliment you on the good looks of Cushiontone's Full Random styling, too. Cushiontone's washable finish is as easy to clean as painted plaster ceiling, and it can be repainted as often as you like without affecting its efficiency.
