Hairdresser: "Perhaps I help with zat, too, mam'selle. All my customers say Calox Tooth Powder is ver' good for zee 'Hollywood Sparkle.' You see — it contains 5 cleansing agents!"

Helps your "Teeth shine like the stars" by bringing out natural lustre

CLUES by Ed. Sullivan

Famous Hollywood Columnist

1. Who is one of the best Women Golfers among Hollywood Stars?

2. Who was a former Hattie Carnegie model and Ziegfeld beauty?

3. Like many other movie stars, her "Hollywood Sparkle" tells you she uses Calox. What's her name?

(Check your answer below. Star's name is at bottom of page")

SIMPLY do this: pour a little Calox Tooth Powder on a nail buffer, then rub your nails good and hard. Now look at their high polish! Proof that Calox cannot harm the softest tooth enamel—because it contains no harsh abrasives.

Calox attacks ugly film and surface stain because it contains not only 1 or 2, but five cleansing agents. You can actually feel the surging foam of Calox going into split-second action ... you can see the bright, high polish as your teeth gradually improve in appearance. Brush with Calox Tooth Powder, for 30 days! See how Calox helps renew the natural bright lustre of dull teeth . . and helps you win that "Hollywood Sparkle"!
