Yes, with a brilliant discovery!

## Chambord & Cognac & Heat!

Sophisticates in the City of Light have made a brilliant discovery: Chambord & Cognac.

When heated together, the delectable taste of Chambord fuses with the spirit of the cognac to penetrate the senses and excite the mind.

Easy to make; simply place one-half oz. of each in a snifter glass and heat in a microwave for 25 seconds. (Or 2 minutes in a saucepan on high.) The steamy blend is extraordinary, Chambord & Cognac.

won't plan their menu without first consulting the fish.

Instead, each of our award-winning chefs insists on rising at 3 a.m. and going to the fish market to find the freshest and finest. Because they know the quality of the fish must decide the course of the day.

Such uncompromising standards are the backbone of every Swissôtel.

You can sense this perfectionist spirit in our smooth-running room service. In the deep knowledge of our concierges.

And should you dine perhaps on the "Red snapper au fleur de courgette," you'll

know the freshness of the fish inspired the creation of the dish.
