# PEOPLE WHO EAT DARKNESS

BY RICHARD LLOYD PARRY

THE TRUE STORY OF A YOUNG WOMAN WHO VANISHED FROM THE STREETS OF TOKYO—AND THE EVIL THAT SWALLOWED HER UP

TOkyo, Japan—The story of the disappearance of Lucia Blackman cuts straight to one's fears and nightmares. Richard Lloyd Parry, *The Times* of London's award-winning Asia correspondent, has covered the case from the very beginning, and his account has been widely hailed as one of the best books of the year.

It is "a masterpiece," according to Chris Cleave, the bestselling author of *Little Bee*.

Richard Lloyd Parry presents an unbearable crime within an eye to the big picture, and it tells us about the age we are living in—an age haunted by its own darkness, by a dread of the monsters

that move undetected amongst us... It is a committed, compassionate, courageous act of journalism that changes the way we think.

Everyone who has ever lived some

and held that life dear should read this stunning book, and shiver."
