

Show us the man  
who won't say  
**THESE ARE SWELL!**

**But remember—there is a difference in tuna—and you want tuna like this!**

You'll see the difference—taste it, too! As you open the can, notice how evenly cut, how smooth-grained Del Monte Tuna is. Firm, yet it flakes at the touch of your fork. And take note of that fresh, inviting color.

No need to explain Del Monte packs only the smaller, more tender tuna—caught in deep Pacific Ocean waters—canned in Del Monte's own seaside kitchens.

As for convenience—two delightful styles! Solid Pack—all the name suggests. And Shredded—grand for croquettes, hors d'oeuvres, sandwiches, etc. Both delicious.

JUST BE SURE YOU GET

**Del Monte Tuna**
