

IT MAKES no difference if your carefully laid plans for saving have been upset during the past few years. It makes no difference if you are worth half as much today as you were.

Now, by merely following a simple, definite Retirement Income Plan, you can arrange to quit work forever fifteen years from today with a monthly income

guaranteed to you for life.

Not only that, but if you should die before that time, we would pay your wife a monthly income as long as she lives. Or, if you should be totally disabled for six months or more, you would not be expected to pay any premiums that fall due while you were disabled, and you would receive a disability income besides!

### \$1800 a Year beginning at age 55

Suppose you decide that you want to be able to retire on \$150 a month beginning at age 55. Here is what you can get:

1. A check for \$150 when you reach 55 and a check for \$150 every month thereafter as long as you live.

This monthly benefit is available alone; but if you are insurable, your Plan can also include:

2. A life income for your wife if you die before age 55.  
3. A monthly disability income for yourself if, before age 55, total disability stops your earning power for six months or more.

It sounds too good to be true. But it is true, for the Plan is guaranteed by a reliable old company with over half a billion dollars of insurance in force.

If you want to retire some day, and are willing to lay aside a portion of your income every month, you can have freedom from money worries.

You can have all the joys of recreation or travel when the time comes at which every man wants them most.

The Plan is not limited to men of 40. You may be older or younger. The income is not limited to \$150 a month. It can be more or less. And you can retire at any of the following ages you wish: 55, 60, 65, or 70.

What does it cost? We can tell you as soon as we know your age, how much income you want and how soon you plan to retire. In the long run, the Plan usually costs nothing, because in most cases you get your money back—and more—at retirement age.
