

# Reduce Operating Costs On Your Car, Truck & RV... With Amazing, New Slick 50

- Increases gas mileage.
- Increases horsepower.
- Reduces friction and wear—engines run cooler and last longer.
- Makes starting easier.
- Improves performance.
- Not an oil additive — but a one time metal treatment.
- Contains TFE — a lubricating chemical used on the U.S. Space Shuttle.
- Tested and accepted by Consumer's Digest and the F.A.A. (see below)
- For use in gas or diesel engines.
- Over 4 million quarts sold!

Slick 50 is a one-time engine treatment made of Polytetrafluoroethylene (TFE)—the slipperiest substance known to man. (1981 Guinness Book of World Records, p. 188)

Slick 50 permanently bonds to all internal parts of your engine — cylinder walls, rings, camshafts and bearings. Allows these surfaces to glide over each other almost friction free.

The "Consumer Digest" magazine (March/April 1982, p.35) states "Slick 50 does reduce engine heat and ordinary wear, and our informal tests indicate that it will improve gas mileage by about two or three miles per gallon.... Slick 50 does exactly what Petrolon claims it does." The Federal Aviation Administration has fully accepted a similar product—Slick 50 Aircraft Treatment (F.A.R. #33.49). An FAA test simulating 1400 hours of engine use showed almost zero engine wear! Slick 50 is suspended in an excellent grade of petroleum oil that is API rated and meets or exceeds every manufacturers engine warranty requirements.

Slick 50 works with all petroleum based oils and all synthetics that are compatible with petroleum based oils. Just add one quart to the crankcase at oil change, leave it in for 3,000 miles, and your engine is permanently coated. Add 2 quarts for engines with oil capacities of 7 quarts or more.

**DEALERSHIPS ARE AVAILABLE.**  
Free shipping with orders of 2 or more. For purchase or further information, call toll free: 1-800-22-SLICK, (that is, 1-800-227-5425); in Colorado, call 1-303-772-4797 or send to: FORT MORGAN SLICK 50, 407 Del Rio Road, Berthoud, Colorado 80513.

# AMERICAN RIFLEMAN

JULY 1987

103rd Year of Publication Volume 135, No. 7

A PUBLICATION OF THE NATIONAL RIFLE ASSOCIATION

J. Warren Cassidy, Executive Vice President

The NRA, the foremost guardian of the traditional American right to "keep and bear arms," believes every law-abiding citizen is entitled to the ownership and legal use of firearms, and that every reputable gun owner should be an NRA Member.

**THE COVER:** The very ordinary looking Colt Single-Action Army revolver gracing the cover was sold at auction for a record price by Christie's in New York City on May 14. The 7½"-barrelled .45 Colt is hardly ordinary, of course. It bears Serial No. 1. Sharing the cover from the auction is a Smith & Wesson Model 1.22 revolver. Engraved by Gustave Young, it has a gold-plated brass frame. For more on both guns, see p. 15. Photo by G. Allan Brown.

**CAUTION:** All technical data in this publication, especially for handloading, reflect the limited experience of individuals using specific tools, products, equipment and components under specific conditions and circumstances not necessarily reported in the article, and over which the National Rifle Association of America (NRA) has no control. The data have not otherwise been tested or verified by the NRA. The NRA, its agents, officers, and employees accept no responsibility for the results obtained by persons using such data and disclaim all liability for any consequential injuries or damages. See asterisked section in staff column, page 4.

# Presenting THE WORLD'S FIRST COMMEMORATIVE

Firing, hand-engraved, custom built, 24-karat gold plated limited edition of only 1500 in honor of the Vietnam Veterans.

"A beautiful memorial in itself to our Vietnam Veterans."  
Jan Scruggs, Founder  
Vietnam Veterans Memorial

In the hands of American troops it patrolled the Central Highlands with Special Forces... guarded against sappers at Bien Hoa... searched for VC in the Delta in PBRs... and humped the boonies in I Corps. The VC, who feared its high velocity round, called it the "Black Gun".

Two years in the making, The Vietnam War Commemorative M16 is the ultimate M16. It had to be—it honors our Vietnam Veterans. No time, trouble or expense has been spared.

## Only 1500 Will Be Made

This is the first limited-edition, collector-grade M16 ever issued. Only 1500 will be made, and each is individually serially numbered between 0001 and 1500, with the prefix "V", for Vietnam. The serial number and the owner's name will be inscribed on the Certificate of Authenticity. Serial No. 1 is being presented to General William Westmoreland and No. 2 to Jan Scruggs.

## 24-Karat Gold on Gleaming Black

The finish gleams like the black granite of "the Wall", the Vietnam Memorial. It is highly polished by hand, then given a special, high temperature oxidizing process that transforms the outer surface of the forged alloy receiver to an ultra-hard, high-gloss black that is next to a diamond in hardness. The barrel is mirror polished and blued to match.

## Hand Engraved

The commemorative inscriptions are all hand engraved and gold-gilt inlaid... the dragon—symbolic of war and of protection; the years of the war; "Lest We Forget"; and the proud name of this commemorative, in an engraved bamboo border. Hand engraving is far more expensive and time consuming than other means, but hand-engraved weapons are always worth more—and it's a military tradition for special presentation pieces.

As you hold this M16, your line of sight moves across the mirror polished carrying handle and barrel to the 24-karat gold plated flash suppressor. 24-karat gold-plating gleams across the trigger, selector

lever, bolt catch, rear sight windage knob, forward bolt assist and the take-down pins.

Even the front and rear sling swivels are polished and 24-karat gold-plated and—as you'd expect with a firearm of this quality—mounted with a deluxe, black leather, adjustable, military sling.

## Special, Textured Stocks

The ventilated Vietnam-era style handguard, pistol grip and butt stock shine with a special, black, heavily-textured finish, which further sets this apart from any other M16 ever made.

The pistol grip and butt stock are fitted with gold and black commemorative cloisonne medallions.

## Not Just A Showpiece

But this is not just a showpiece. This is a firing Commemorative, the same size, configuration and specifications of the military-issue M16A1 rifle. A 20-round magazine and firing instructions are provided. As an advantage to arms collectors and veterans, it fires only in the semi-automatic mode (not full-automatic). Anyone who can own a standard hunting rifle can own one.

Each fires the 5.56mm (.223) ammunition used in Vietnam and readily available in gun shops. Because this M16 is functional, it could be called upon to defend your home and family.

The Vietnam War M16 is being custom built by gunsmiths who build M16s for our armed forces, our FBI, our CIA, our police SWAT teams and the governments of England, France, Australia, Canada, Switzerland, New Zealand and a half dozen other countries. They are the engineers and armorers of BFL in Portland, Maine.

## First Ever

As the first commemorative M16 ever issued, this is in the "first ever" class of distinction. This category has seen well-documented, significant price increases. From the standpoint of future investment value, only 1500 will be made—placing it among the rarest of the rare. The hand engraving
