

This was the first fully portable trap to throw clay birds like a stationary trap. And it's still the best quality. But then, the Good Ol' Boys at Outers wouldn't want you to have anything less.

The Mini-Grand is a solo trap, so you can enjoy breaking clay birds all alone. It's compact and weighs just 11 lbs., yet it can throw singles and doubles with the best. You get the same distance, speed and spiral of an electric trap. The throwing arm is fully adjustable for angle and elevation. And the spring adjustment is quick and easy.

With so much going for it, the Mini-Grand can challenge even some full-sized, stationary traps. So you ought to hurry down to your Outers dealer and pick one up today. Because a portable trap that's this good won't sit still for long.

Portable yet powerful, the Mini-Grand's throwing arm is fully adjustable for angle and elevation.

CONGRATULATIONS IF YOU'RE A MEMBER OF THE EXCLUSIVE VALMET 412 GUN OWNERS' CLUB!

Only a small fraternity of shooters have owned, or even seen, one of the 412 Series guns. That is because international demand has continually limited the number of these double shotguns, shotgun/rifles, and double rifles shipped to North America.

But those who do manage to get a 412 will find

it's worth the search—with its capability for either target or field shooting at a fraction of what's usually paid for double guns. You see, the 412 receiver can accept four different stocks and more than twenty barrel combinations—easily fitted by any competent gunsmith. There's nothing like it!

VALMET'S YEAR OF THE BIRD—WIN A TRIP TO FINLAND!

Valmet offers you the chance to win a five-day trip to Finland. The winners will try out the 412 guns, see our factory, hunt the rare bird pictured above and then visit Helsinki.

Finnair will provide the

winners' air transportation. Call your travel agent for details of Finnair's exciting wilderness adventure tours to Finland.

Just identify the bird species correctly on a 4x6 card and you'll be eligible for our 1983 Shot Show drawing, or pick up a contest card from your Valmet dealer. Every Valmet packing box contains a card with the correct name of the bird.
