THE COVER

August 8, the day the Dewar Trophy Int'l Team match was fired, dawned hot and hazy at Camp Perry. At 7:30 a.m., as the sun hung suspended in the mist, Assistant Editor Rolfe M. Baggett photographed the firing line with a Nikkormat-EL, using Kodak high-speed Ektachrome film.

In this era of cheap production short-cuts (e.g. castings, stampings, press checkering and the like) the CLASSIC INTERARMS MARK X is refreshingly different. Here the emphasis is on inherent value to insure a lasting investment.

The INTERARMS MARK X is built around the time-tested and world honored commercial MAUSER BOLT ACTION SYSTEM. It is painstakingly crafted from only the finest material, machined to exacting standards, precisely assembled, custom finished, and carefully tested.

Your pride of ownership is assured through the combination of handsome design, superb accuracy, reliability of performance, and safe handling.

A few MARK X features which speak for themselves:

1. Built around the MARK X Commercial Mauser Action.
2. Premium hammer forged chrome vanadium steel barrel.
3. Select European walnut stock with Monte Carlo comb and cheek rest.
4. Convenient quick detachable sling swivels.
5. Choice of single stage or adjustable trigger.
6. Positive, convenient, thumb safety.
7. Open rear sight, adjustable for both windage and elevation.
8. Ramp mounted front sight with gold bead and detachable hood.
9. Forged steel hinged floor plate with protected release button for easy cartridge

- removal.
10. Streamlined scope clearing bolt with three locking lugs.
11. Drilled and tapped for scope mounts and receiver sight.
12. Tenite forend tip with thin white spacer.
13. Tenite grip cap with thin white spacer.
14. Tenite butt plate with thin white spacer.
15. Custom finished stock is hand-checkered
