Our Pledge to You: Better Homes and Gardens is published for garden-home families in cities, towns, and suburbs. If you purchase any article advertised in Better Homes and Gardens, whether you buy it of the local dealer or direct, and it is not as represented in the advertisement, we guarantee that your money will be returned if you mentioned Better Homes and Gardens when you purchased the article. We do not guarantee accounts of honest bankruptcies.

Subscription: 60 cents a year; two years, other countries, \$1.50. At news stands, twentieth of the month, 10 cents a copy. Entered as second-class matter at the post office in Des Moines, Iowa, under act of Congress, March 3, 1879. Additional entry as second-class matter at Harrisburg, Pennsylvania; Springfield, Massachusetts; and Binghamton, New York. Copyrighted by the Meredith Publishing Company, 1932, United States and Canada. Trademarks for Better Homes and Gardens have been registered in the United States and Canada.

HIS CHECK BOOK

revealed the disgraceful truth

Too many fuel dollars spent—too many days of comfort lost—because he didn't ask his architect about Armstrong's Temlok Insulation

Too much money spent for fuel! How often a check book reveals this waste—even today, when people should know that insulation is an accepted building need.

In the home you build, it is important to tell your architect, "Insulate with Armstrong's Temlok." You add on the average not more than 1% to total building costs. But you are repaid quickly in fuel saved. And then you get annual dividends in lower fuel bills, and in comfort.

Temlok also can help you economize in the house already built. Suppose you line the attic with this efficient insulation. Immediately you save fuel, since heat is prevented from leaking through the roof. A few \$10 bills pay for the job, and for the extra comfort you get.

Armstrong's Temlok is lifetime insulation. Furnace heat doesn't escape from the Temlok-lined house or room in winter, nor does sun heat cause discomfort in summer. The qualities of Temlok also make it ideal comfort-lining for summer cottages, garages, and farm buildings. Clip the convenient coupon. It will bring you a sample and a booklet.

HAVE YOU TALKED TO AN ARCHITECT? It costs nothing. Yet it may save you a lot of money. There is no obligation. Whether you are building or remodeling a large house or small, he will be interested. Let him show how he can save you money—and still build you a better home. If you don't know the worthwhile architects in your community, ask your builder or lumber dealer.

Temlok also is used for the insulation of domestic refrigerators because this efficient material resists the passage of heat, and thus helps to keep food fresh economically.

Armstrong Cork & Insulation Co.
966 Concord Street, Lancaster, Pa.
Please send me free sample of Armstrong's Temlok and booklet, "New Home Comfort at Lower Cost," giving complete details.

Street _____
City _____ State _____

BUILDING OR REMODELING, Armstrong's Temlok provides the ideal insulation for your home. In this cozy chess-room, Temlok is applied to walls and ceiling as a natural finish. Its rich, warm buff texture says "welcome" to host and guests.
