TECH!

20 TAKE CHARGE

You may know what a Supercharger is, but we take it a step further with theories, applications, and how-tos.

36 BATTLE OF THE BOOST

Is there really a difference?

42 496 CUBIC INCHES OF PROCHARGED POWER: THE BUILD

We show what it takes to build a 1,000hp pump-gas motor.

50 PACKED FULL OF POWER

Magnuson introduces the latest technology to hit hybrid Roots-style blowers.

54 HIGH-FLOW HAPPENINGS

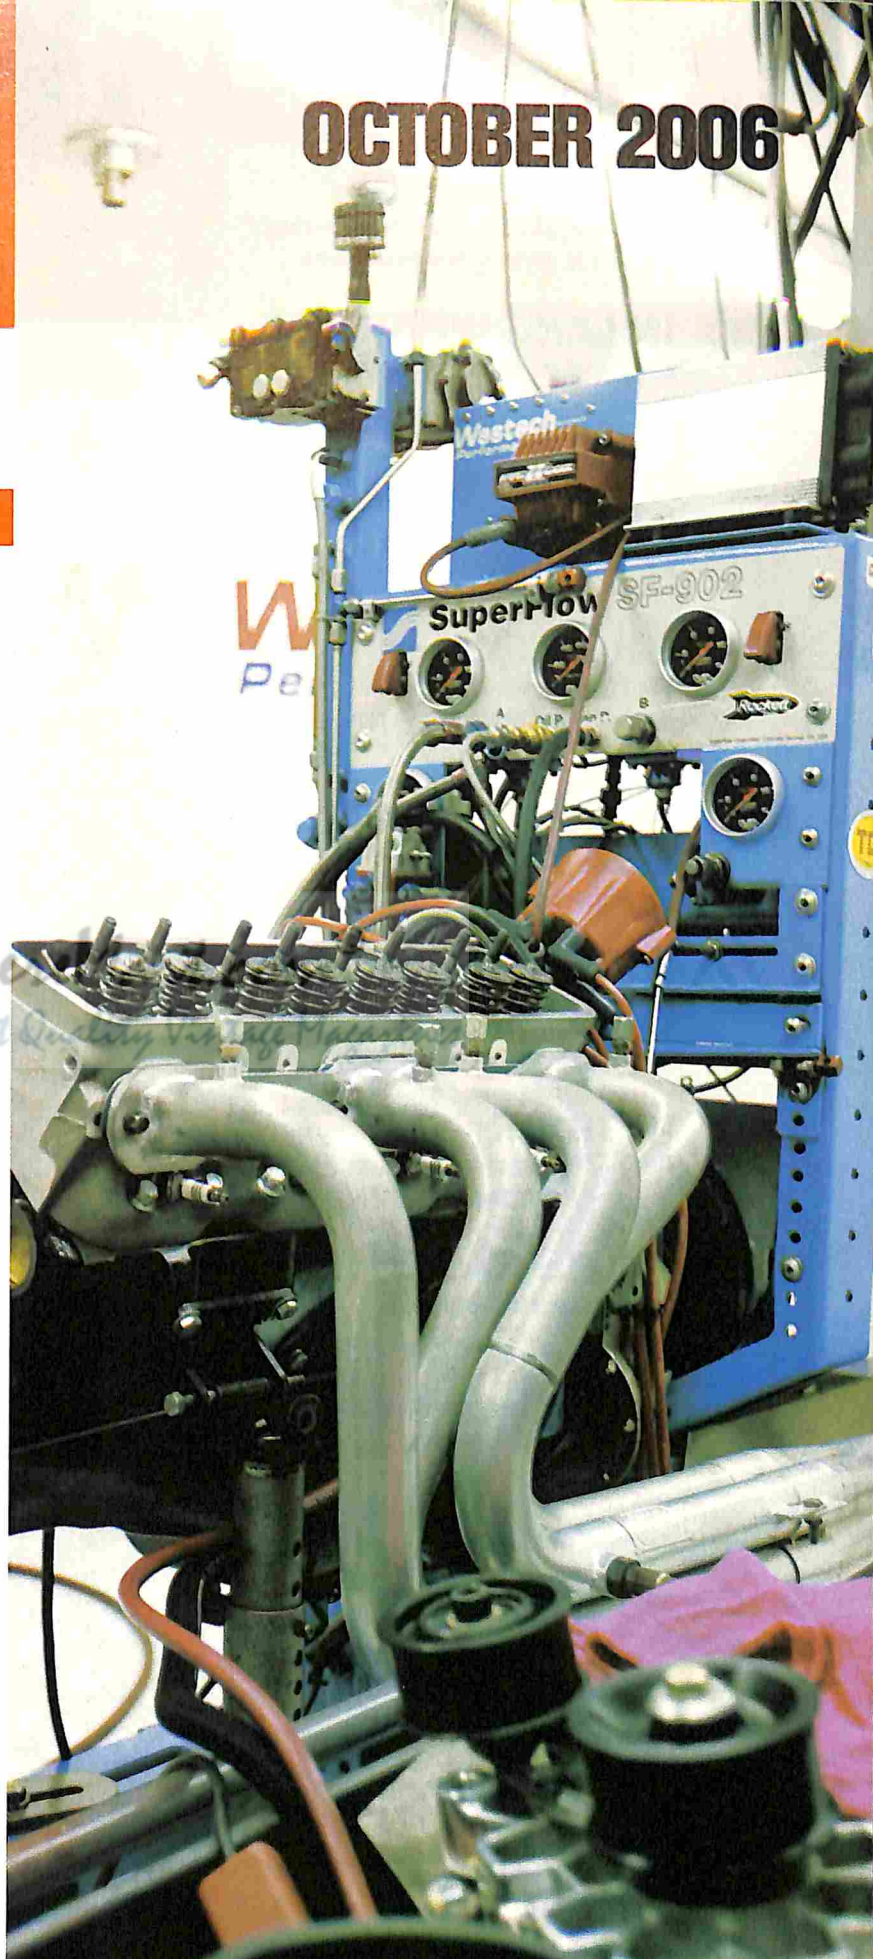

Big gains to be had both on and off the track with a pair of Bow Tie cylinder heads.

62 CRATE ENGINE CONFESSIOAL

746 HP with a ZZ383 & Vortech's latest blow-through huffer.

ON THE COVER

Yes, Roots blowers are still cool! This month we dusted off the cobwebs on Freiburger's big-inch Rat and compared the gains between the mini and maxi blower. Camera guy Wes Allison pulled the trigger for the lead shot, while up top, Nelson captured the '67 Shoebox Nova.
