LIFE'S PICTURES

The lively pictures of servicemen playing games at the Hotel Edison canteen (pp. 106-109) were made by Albert Fenn, 30-year-old New Yorker who has been taking pictures for 12 years. In his story on the Truman Committee (LIFE, Nov. 30) he collected sufficient documentary evidence in an hour and a half for the Government to use in its investigation. He has a young daughter, Margot Susan, word of whose birth reached him while he was flying to Detroit on a LIFE assignment.

The following list, page by page, shows the source from which each picture in this issue was gathered. Where a single page is indebted to several sources credit is recorded picture by picture (left to right, top to bottom), and line by line (lines separated by dashes) unless otherwise specified.
