Second Class Matter, at Shelbyville,
Indiana.**

Life Members

Welcome to the new Life Member
Mr. Don Mott,
Hereford, Arizona

THANKS

If you have taken note of the July and August issues of "Muzzle Blasts" you will have distinguished from previous issues that we have hit a new high of 28 pages. WHY?

Because, among our members we have a truly co-operative interest in the publishing of the Association publication. We are greatly indebted to each and everyone of you who have so willingly submitted material dealing with the whys and wherefore's of muzzle loading. We gratefully accept any and all contributions in our office, — and just because it doesn't appear within the next few issues, have heart, — space limitations rule us out many times. Current news and scores are a must — articles on muzzle loading arms, club news, How and Who Made 'Em along with our regular features — all these follow up to comprise your monthly issue.

So, for you members, we 'upped' to 28 pages. Use them to express your desires, wants and experiences, for as the membership grows so grows the 'Muzzle Blasts' — Good Luck!
