Deciding Factor.

Today, the question about sun block is not whether to use it, but how high an SPF Clinique's guiding dermatologists say SPF 15 is good.

But, they add, it's wise to have an edge. Because many sunscreens slip off. Rub off. Are not always applied thoroughly or evenly enough.

Clinique Total Cover Sun Block SPF 30 has the edge. It's waterproof. Rub proof. Gives long-lasting protection against UVB, UVA and infra-red rays.

Total Cover combines anti-irritants and multiple sunscreens. Can enable even year-old baby skins to wear it in comfort. Its SPF 30 is geared to handle all-out sunnings. Moisturizers discourage dry-out, aid suppleness.

Find it, and a free sun-typing with the Clinique Computer to assess your sun tolerance, at any Clinique counter.

Total Cover SPF 30 offers something more in the way of sun protection. For many, that's a deciding factor.
