BECOME A  
FOUR-CAR FAMILY.  
BUY A SAAB.

Given a large enough budget and a large enough garage, meeting a family's varied driving needs is easy. Simply buy more cars.

Saab owners, on the other hand, have come up with a more ingenious approach. They simply buy more car—namely, a Saab 9000S.

On the road, it's among the most agile of sports sedans, capable of uncanny grace under the pressure of serpentine roadways—a driver's car powered by the largest engine Saab ever built.

Inside, it's a family car that satisfies every family's insatiable appetite for space. In fact, according to EPA measurements, the Saab 9000S provides one of the roomiest interi-

ors of any imported sedan.

When necessary, it fulfills the workhorse role normally played by station wagons. Fold down its split rear seats, and there's 56.5 cu. ft. of cargo space, enough to carry everything from a playpen to a full-sized refrigerator.

Finally, a Saab is the sort of mobile sanctuary that the safety-conscious buy for safety alone. One with a reinforced steel safety cage buffered by crumple zones front and rear—and equipped with anti-lock brakes and a driver's-side air bag. No surprise that, in studies of highway accidents, it has repeatedly been ranked among the safest cars in its class.

All that comes in the elegant

carrying case shown above, plus a full complement of amenities. Including leather upholstery, sunroof, air-conditioning—even heated front seats. And it's backed by one of the longest warranties in the industry: 6 years or 80,000 miles.\*

Approached this way, the price of entry to multi-car ownership is a relatively modest \$28,795.\* That comes to about \$7,200 per car. And you can experience all of them in the car that doesn't compromise any one virtue for any other: the 9000S, which is at your Saab dealer awaiting your test drive.
