We've been through turbulent times before.

Regardless of today's market climate, the future includes the distinct possibility of uncertainty and volatility. What's more, with the merging of many banks and investment firms, many investors feel adrift, unsure where to turn for advice. Should you invest more in bonds or equities? More in small caps or blue chips? Or keep more cash on hand? While nobody can promise you all the right answers, U.S. Trust can promise you something invaluable: expertise based on experience.

For over 145 years, through periods of extreme uncertainty, we've been a bedrock of stability for our clients, providing them with sound advice that has helped preserve and enhance their wealth. In the process, we've become one of America's premier investment advisory and wealth management firms. To learn how to weather the market's volatility, please contact Richard E. Foley, Managing Director, at 1-800-U.S. TRUST or visit www.ustrust.com.
