Now is always the hardest time to invest.

What should you do with your money? Buy? Sell? Hold? Diversify?

U.S. Trust believes the biggest risk you can take is to be paralyzed by indecision.

Because no matter which way the financial markets may be moving, there are always attractive opportunities.

At U.S. Trust we apply a rigorous valuation process that avoids being carried away by the prevailing market psychology. We stress investing, not trading, and follow a disciplined, proven approach to identifying sound opportunities. We also stress the need for diversification to avoid concentration and spread risk.

This investment approach has succeeded for generations of investors prepared to act. If you'd like more information, please contact Richard E. Foley, Managing Director, at 1-800-U.S. TRUST or visit www.ustrust.com.
