Randolph and DeLong are a husband-and-wife team who like to work with color. They were on assignment to make pictures of the collie and decided to include Warner Bros. starlet Vera Miles in a few shots. They used a Kodak 8x10 View camera and 12-inch Goerz Dagor f/6.3 lens set at f/12, exposing at 1/125 sec. Film, Daylight Ektachrome; fill-in lighting added by two No. 5B flashbulbs.
