An Invitation To Readers of This Magazine

FROM THE PUBLISHERS OF THE

FUNK & WAGNALLS New Standard ENCYCLOPEDIA

Please Accept WITH OUR COMPLIMENTS
Volume One of the New 1947 Edition—Now On Press!

[ALL WE ASK YOU TO PAY IS TEN CENTS TO COVER COST OF MAILING IT TO YOU]

WE are now on press with our new Winter 1947 Edition of the Funk & Wagnalls New Standard Encyclopedia.

This latest edition, newly revised, we have allocated among the newspapers and magazines carrying our Winter advertising program. In accordance with this plan we have set aside 1500 sets for readers of this magazine and now invite you to become the owner of a set—making this extraordinary offer to enable you to become acquainted with the volumes before you decide to buy.

We want to send you Volume I with our compliments. Merely send us 10c to cover our mailing cost—more as evidence of your good faith than anything else. If, after examining Volume I, you want the rest of the 27-volume set, you may receive it at a ridiculously low price through our book-a-week plan. If you want no further books, merely drop us a postcard saying so, and that ends the matter.

Some Facts About This Encyclopedia

But first, we want to give you a few facts to interest you in taking the trouble to send for Volume I.

The newest 1947 Edition contains over 52,000 articles. Compare this with any other encyclopedia in the world. You will find that it is at least 30% more than encyclopedias costing you up to four times as much as ours.

Each volume is as up-to-date as human ingenuity can make it. This edition has been revised to cover events of the past year, and each volume, as it goes to press, is brought up-to-the-minute. Our unique book-a-week delivery plan, bringing you the volumes as they come off the presses, makes it the most up-to-date of encyclopedias.

Easy-Reading, Handy Volumes

Editor-in-Chief of original edition was Frank H. Vizetelly, editor of the Funk & Wagnalls New Standard Dictionary. Surrounded by a host of authorities, he brought this immense work into being.

Yet the books are so easy to read! Your children in school can use them with profit. Free of ab-

Copyright 1947, Unicorn Press

struse wording—and free also of fact-omitting brevity—this grand encyclopedia will serve you for years to come.

And in spite of their enormous contents, each volume can be held in one hand! Here is a new streamlined, usable set, handy for daily reference.

Nor does the incredibly low price we have set on the remaining volumes indicate the quality of materials and labor that went into them, as of course you will soon see for yourself.

Unique Book-a-Week Plan

Our plan gives you the books as quickly as they come off the presses.

Volume I is delivered to you immediately. Two weeks later, unless you cancel your reservation, the next two volumes are mailed to you. Two weeks after that the following two volumes are sent, and so on. You thus receive your volumes, freshly off the press, at the rate of a volume a week.

You do not pay for any books in advance. We enclose a bill with each two volumes which you pay within 5 days after receiving the books. Considering the amazingly low price of the set, and the fact that you pay for it at the rate of only a book a week, our pay-as-you-go plan there-

fore puts no strain on any pocket-book.

How much are the volumes? Here's the surprise. You pay only \$1.39 for the De Luxe Binding, plus 11c mailing cost. The complete set thus costs you only a small fraction of what other high grade encyclopedias would cost you—and we want only the opportunity to PROVE to you that ours is unexcelled for your use.

A Choice of Editions

With this announcement we offer you a choice between our De Luxe Edition and our Library Edition of the encyclopedia.

The De Luxe Edition, at \$1.39 per volume, is bound in dark blue, leather-grained cloth, stamped in red and gilt, is illustrated here, with head and tailbands, and harmoniously stained page-tops. End papers and frontispieces are color reproductions of woodcuts by Hans Alexander Mueller, renowned artist in that medium, the frontispieces being a set of woodcut portraits of American Presidents.

The Library Edition costs slightly more (\$1.89 per volume plus the same 11c mailing cost), and has all the features described above, plus a more expensive binding. The covers of this superfine edition are in a tan linen-weave cloth, with red and black title panels, decorated with genuine 22 carat gold leaf, bright and untarnishing—making in all an extremely handsome and dignified set of books.

You may have your choice of these editions in sending for Volume One, at the same 10c mailing cost. However, before indicating your choice of editions in the coupon below, please remember the difference in price. And hurry! Fifteen hundred sets are not many for a magazine of such large circulation as this one. First come, first served. Send off the coupon TODAY!

UNICORN PRESS, Authorized Publishers
Brooklyn 1, New York

I enclose 10c in coin or stamps, for which send me Volume I of the Winter 1947 Funk & Wagnalls New Standard Encyclopedia in edition checked below.

DE LUXE LIBRARY

Please also reserve balance of a set for me in same edition.

If I decide to cancel reservation after examining Volume I, I will write you saying so, and there will be no further obligation; otherwise you may send me two more volumes every two weeks, and I will pay within 5 days after receiving them, at the rate of \$1.39 per volume plus 11c mailing cost for De Luxe Edition (or \$1.89 per volume plus same mailing cost for Library Edition)—and that is all! Volume I is mine to keep in any event.
