THE NEW MATADORS

SUPERB

"...combines Purdy's writing skills with the superb color photography of Germany's Horst Baumann. The men, machines, circuits and pageantry, tensions and triumphs that make up today's international racing are captured in superlative fashion with text and pictures dovetailing as neatly as Jimmy Clark and a Lotus."

Playboy

FABULOUS

"A posh epic, with fabulous color photos by Horst Baumann ... complemented by paper stock & editing. At twenty bucks per copy it won't be a large volume seller, but neither is a Rembrandt."

Sports Car Graphic

"... color reproduction resembles rotogravure nickel postcards..."

Car and Driver

DAZZLING

"For racing and camera buffs this book should be worth its price for the pictures alone. Horst Baumann's color photographs are consistently brilliant ... The layout is hip, bold, very modern... dazzling."

New York Times

"... the publishing equivalent of the Edsel."
