

TEST NO. 2.

# HIGH BIAS TAPE TH "LUCILLE"?

Select any blues solo where B.B. King really lets "Lucille" sing, and record it on your favorite high bias tape.

Now record the same solo on MEMOREX HIGH BIAS tape, and listen to the two tapes back to back.

We're convinced you'll have a new favorite for two important reasons:

1. At standard record levels, no high bias tape has a flatter response across the entire frequency range.
2. The signal/noise ratio of MEMOREX HIGH BIAS is unsurpassed by any other high bias tape at the critical high end.

In short, you can't find a high bias cassette that gives you truer reproduction. And, after all, isn't that what you buy a high bias tape for?

Is it live, or is it
