We insure more boats for the same reasons we insure more homes and cars.

As far as we know, State Farm insures more pleasure boats than any other company. For the same basic reasons we're the world's largest home and car insurer. Broad coverage and fast, fair claim service—all at low rates. And 11,500 full-time agents coast to coast who are ready to serve you, wherever you live, wherever you travel.

A State Farm Boatowners Policy offers the broad protection you need on today's crowded waterways. Broad coverage for your boat,

motor and trailer, in the water and out. And we can also cover your legal liability for bodily injury and damage to property caused by your boat or motor.

In most states, State Farm also offers some things most companies don't. Like medical payment coverage for you and your immediate family. No extra charge for medical or liability for waterskiers. Plus a wide range of premium discount possibilities. Why not get the details from your nearby State Farm agent?

Like a good neighbor, State Farm is there.
