SPORTS AFIELD—October 1970

COVER PHOTO BY WILLIAM J. McRAE

Compulsive Eater.

This Atlas fiberglass belted tire can't stop gobbling up miles—thousands more miles than even our best selling tire.

The new Atlas Plycron 2 plus 2* fiberglass belted tire was subjected to one of the industry's toughest road testing programs. Results: The Atlas Plycron 2 plus 2 delivered an average of 35%† more miles than even the famous Atlas Plycron—traditionally, the tire that has outperformed 4 ply major brand replacement tires in mileage tests.

Construction puts the Atlas 2 plus 2 ahead. Two fiberglass belts are bonded

onto a tough Vicron polyester cord body.

And for traction, the unique wide tread design literally puts hundreds of gripping edges on the road at all times. These features add up to less tread squirm, extra mileage.

For good value you can't beat the 4 ply Atlas Plycron tire. And, for even greater value get a set of Atlas Plycron 2 plus 2 tires. It'll satisfy your appetite for good mileage and save you money

with every mile you drive.

And remember, Atlas tires, batteries, and accessories are sold at over 50,000 leading service stations.

ATLAS

PLYCRON 2 PLUS 2

Trademarks "Atlas," "Plycron," "Vicron," Reg. U.S. Pat. Off.
