

CONTENTS

JANUARY 2010

ON THE COVER: This month we devote 13 pages to our second annual Suspension & Handling Challenge, presented by Nitto Tire. That's Total Cost Involved's '68 Camaro going through the slalom (SUPER CHEVY staff photo). The inset photo is from Agent 147, who show the intricacies of an LSA engine going into the '70 Chevelle known as Project American Heroes 3.

FANTASTIC FEATURES

26 TRACK ATTACK
We gather the industries best and take them out for a little romp through the cones at the second annual SUPER CHEVY Suspension & Handling Challenge.

34 VELOCITY'S ITS NAME, SPEED & HANDLING ITS GAME
Ridetech '68 Camaro.

38 MUSTANG-MUNCHING, CANYON-CARVER
Classic Performance Products '67 Nova.

42 B-BODY BLOCKBUSTER
To test the LSX Block, GM Performance Parts built the baddest Impala SS ever—with two turbos and pumping out over 2,000 hp!

46 THE GENERATION GAP
A side-by-side street machine buildup between father and son.

EVENT COVERAGE

76 SWINGIN' GOOD TIME

The 2009 Goodguys PPG Nationals defied the doldrums of the gloomy domestic economy and provided a show field full of fantastic cars.

TEMPESTUOUS TECH

50 ACTION-PACKED BIG-BLOCK TEST
We pick up 116 hp with a simple swap to RHS Pro Action heads, Edelbrock intake and a lumpier Comp cam.

60 SUPERCHARGED ROTATIONAL FORCE OF MILITARY PROPORTIONS
Project American Heroes gets fitted for its GM Performance Parts LSA crate motor.

68 DUST IS A MUST
It's messy and it's time consuming, but bodywork can be done on a budget.

84 GET Z28 POWER BEFORE IT HITS THE STREETS
Can't wait for Chevy to get the LSA-powered Z28 Camaro on the market? Procharger has the right kit to satisfy your horsepower lust.

96 FUELING THE FIRE
We put FAST's new EZ-EFI fuel injection system to the test.
