<b>TECH INSPECTION</b>	BFG's latest high-po rubber	119
<b>FINISH LINE</b>	Sorry, no babe this month	122

**ON THE COVER**

We originally shot Jr. Ibanez's beautiful and wicked Pro 5.0 car at Bradenton, but the weather there sucked, so we never got a good action shot. That was rectified at the World Ford Challenge, where Editor Kinnan snapped Jr. just before he put the car on the bumper. Damn long lens! Doc Meyer caught the '99 Cobra burnin' 'em down at the track.
