Cabot's STAINS

...the choice then

For thirty years, this was the home of Paul Revere. It was from here he set forth on April 18, 1775 to warn the countryside, "the British are coming!" The clapboard walls of this house have been treated with Cabot's Stains at 7 to 8 year intervals ever since 1892 because only Cabot's Stains

- are especially suitable on old weather-beaten surfaces
- penetrate deeply — actually dye the wood
- enhance grain and texture
- preserve wood from decay, insects, weather
- will not crack, peel or blister
- cost less than 1/2 as much as paint

Cabot's
...the choice now

Cabot's Stains used.
Architects: E. H. and M. K. Hunter,
Hanover, N. H.
