

HERE ARE 5 WAYS TO MANAGE A HUSBAND!

Of course your husband thinks he's easy-to-please—and here are ways to be sure he will be:

1 Watch him beam when guests admire your home. This is easy to arrange with Circle Tread Ozite Rug Cushions making your rugs so marvelously soft your guests are sure to comment.

2 Give him a quiet home. This is simple with genuine Circle Tread Ozite to help absorb the noise of running feet—and even Indian yells! He'll think Circle Tread Ozite a grand investment just for its quieting effect, saving wear and tear on his nerves.

3 Make him proud, too, of your economies. Tell him Circle Tread Ozite will make your rugs last 2 to 3 times as long. That saves real money! Circle Tread Ozite is made of REAL HAIR... lasts a lifetime.

4 For a real surprise, make your OLD RUGS seem like new with Circle Tread Ozite. He'll notice the difference! Then watch him relax with the comfort of knowing that those old rugs he's so fond of will wear years and years longer!

5 If he likes facts, tell him: Circle Tread Ozite is permanently moth-proofed. ALL HAIR reinforced with adhesive burlap center. Electrically purified by "Ozonizing." Three weights: 32, 38 and 45 oz. Guaranteed to satisfy.
