

*T*HERE is no greater symbol for the cheery warmth of hearth and home than the vibrant melody of chimes at your door... chimes that not only announce a hero's home-coming but welcome him back, as well. Edwards has always made chimes superlative in tone and loveliness. In the future they will be even more outstanding... with an entirely new conception of musical quality and designed to complement the décor of your home.

more information below (about Tampax)

Tampax has grown to be a famous name but many women still may not have clearly in mind just what advantages there are in this method of monthly sanitary protection. Here are the facts:

- 1 Tampax is made of pure surgical cotton, very absorbent and compressed to a small, dainty size. Tampax is worn internally, in accordance with the well-known medical principle of "internal absorption."
- 2 The insertion is quickly and easily performed by the use of a patented disposable applicator—so dainty that your hands need not touch the Tampax.
- 3 No belts, pins or external "pads" are required at any time. Tampax can cause no bulges or ridges under the clothing—and no odor! Sanitary deodorant becomes unnecessary... And Tampax may be worn in tub or shower!

Drug stores and notion counters carry Tampax in 3 absorbency-sizes to suit individual needs as well as early and "waning" days... Remember, a whole month's average supply will slip right into an ordinary purse! Tampax Incorporated, Palmer, Mass.
