

THE **AMERICAN RIFLEMAN**  
OFFICIAL JOURNAL OF THE NATIONAL RIFLE ASSOCIATION OF AMERICA

JULY 1971

This issue—1,036,000  
87th Year of Publication

**THE COVER**

This unusual cover gives the first insight of its kind into the exhaustive examination of handguns ordered by the U.S. Treasury Department. Top, a semi-automatic frame and barrel being searched under ultra-violet light for cracks; bottom, a laboratory staffer fires a revolver in endurance tests; at left, a chamber is checked with a range rod. See pages 17-20 for details.

Photography by American Rifleman Assistant Editor Arthur Brosius, using a Hasselblad and High Speed Daylight Ektachrome 120 film with electronic flash illumination.

VOL. 119, No. 7

# 1971's Leading Yard Gainer

How do you make it from the 20 all the way back to the 27 yard line? It's not easy... it takes determination, practice, a will to win *and* a gun that's been engineered for just that purpose.

The Browning Superposed winner of the 1970 World International Trap Championships, is just such a gun! Perfect for 16 yard, handicap or doubles shooting.

It's loaded with many competition proven features that have been designed to give you a "shooting edge" like the special trap choked barrels, "instant see" front and center ivory sights, and an action that'll never shoot loose... there's more too, but how can we describe the balance, the handling, its great feel!

There's only one way... visit your local Browning dealer and shoulder a "Super" or ask a "Browning Shooter" at your favorite club, he will tell you.

The Browning Superposed is available in the fast-handling Lightning or the extra wide-ribbed BROADway. Four ascending grades from \$490.

**BROWNING TRAP AND SKEET APPAREL** — vests, trousers, footwear, gloves — everything you need for shooting. See your Browning Dealer.
