

"The bigger the wash—the bigger the welcome for Super Suds'

# EXTRA SUDS!"

"MORE SUDS, LONGER-LASTIN' SUDS, make a heavy wash seem loads lighter," says Mrs. Isabelle Evans

"WILLIAM (on the left) is my oldest boy. Back of him is Jean. Elizabeth, the baby, is in my lap—then comes Ann and Robert. When you're the mother of five like these, time is just about the most precious thing you have. "When I saw the 'milk-bottle suds test,' and how much MORE

SUDS and what LONGER-LASTIN' SUDS Super Suds gave, I said: 'That's goin' to save lots of washin' time, or I miss my guess.' I was right, too. ALL THOSE EXTRA SUDS get dirt out fast and easy... save time and also my strength. I wouldn't be without new, sudsier-than-ever Super Suds."

**Make the easy "milk-bottle suds test"**  
Shake up two teaspoons of your old wash-day soap and a glass of water in a milk-bottle. Do the same with new, sudsier Super Suds in another milk-bottle. Even cool or hard water will do. See if you don't get MORE SUDS, LONGER-LASTING SUDS, from Super Suds.

**DON'T WASTE SOAP!** Vital materials needed to win the war are used in making soap
