

Let's start with that kitchen!

It's coming—that happy day when you can open up your ideas and face-lift that war-weary home! Kitchen first? More counter-top work space is a must. Kitchen specialists use warm and welcoming Masonite* Tempered Presdwood—it's tough enough to take cutting, mixing, spilling and even hot pans! Then for beautiful, quickly cleaned walls and cabinets, Masonite Presdwood or Presdwood Temptrile, painted as you wish. Masonite hardboards are ideal for the post-war "electric kitchens" you've read so much about!

Bathrooms next! Make yours bright, cheery and modern with these same Masonite hardboards. Temptrile and Presdwood may be installed right over old construction. They're ideal because they withstand moisture—

allow a glass-smooth enamel finish. These Masonite hardboards are large and hard, in 1/8-inch to 1/4-inch thicknesses, smooth or in a tile pattern... finished by your painter or delivered prefinished by a manufacturer. Perfect for remodeling, or for finishing attic or game room. Write for a free copy of "Our Home" magazine—it's full of exciting and practical plans and ideas. Masonite Corporation, Dept. B-12, 111 W. Washington St., Chicago 2.
