

IT USUALLY STARTS AT
A PARTY

Farewell to Charades, Monopoly, Chinese Checkers, Bridge, and the like. The world's newest and most effective social "ice breaker" is right there in the room. You have trouble seeing it at first because of the crowd clustered around. But you can hear it. And its sweet tones seem to reach right out joyously and pull you into the circle of happy folks. Before you know it, your arm is over somebody's shoulder, you're singing along, tapping your toes, snapping your fingers and generally having one fine old time. Maybe up till this very moment you've never even seen or heard a Conn Organ. Now, suddenly, you find yourself wondering where in your home it would look best!

That's so often the way it starts, the way people first get intrigued with the idea of owning a Conn Organ. And, then, when they find out how easy it is to play...well!

You see, with Conn's amazing new learning method, "Instant Music," you can actually play any one of 39 familiar songs in a matter of minutes. If you know your alphabet from "A" to "G," it's that easy!

Not only that, but you play with both keyboards, with various instrumental effects, and with the foot pedals, too. You play, in fact, just the way a professional organist does—*naturally*, with true human expression.

That's because the Conn Organ is created by music men, not gadgeteers. It has no gimmicks, no pushbuttons, no one-finger chord makers. It is, instead, a professional-quality home instrument of great tonal versatility and musical potential...created by C. G. Conn, Ltd., world's largest manufacturer of band instruments.

There are seven beautifully-crafted models, with prices starting at \$995. Your Conn dealer can arrange payments which are almost as easy as our "Instant Music" learning method! For free booklet, "How To Choose An Organ," plus free "Caprice Capers" LP record, write to Dept. BH-3 Conn Organ Corporation, Elkhart, Ind.
