

If you want everything to go down the drain, buy a KitchenAid disposer.

It grinds all garbage. Bones? It sharpens its blades on steak bones. And chicken bones never give it indigestion. Feed it corn cobs and husks, too. It works quietly because it's specially insulated. Tough? Its grinding elements are cast stainless steel.

Food can't cling to the sides, and spoil. So garbage odors go down the drain with the garbage. It rarely gets into a jam. If it does, you can clear it electrically. No wrench is needed.

A KitchenAid disposer, like a KitchenAid dishwasher, is built to last. So see your KitchenAid dealer. (He's in the Yellow Pages.) Or send us this coupon.

BETTER HOMES AND GARDENS, JANUARY, 1970

Fall in love with our inlaid table.
(After all, it's French.)

This is Chateau Provence—very French provincial, with that unmistakable "Thomasville look." And you can see why it's unmistakable. See how the bold grains have been selected for their beauty from the hearts of sturdy white oaks? See how meticulously the pieces have been fitted together in a parquet design for an interplay of light and shadow? See how the deep, rich carving acts as a foil for the dramatic top and the graceful curving legs? It's all part of "that Thomasville look." To see all the lovable pieces in our Country French "Chateau Provence" and many other collections, send \$2.00 to Thomasville, Dept. BHG 170, Thomasville, North Carolina 27360. For the name of the Thomasville dealer nearest you, call this special toll-free number: (800) 243-6000; in Connecticut, (800) 942-0655.
