

NOW'S THE TIME!

It's an excellent combination: Helping build churches through your investment in LCEF and locking in a top interest rate at the same time!

That's just what's available now with an LCEF fixed rate five-year note that pays 8 1/2 percent interest for the term.

Over the past few months, interest rates have fallen sharply. And—if economists are right—rates will continue to fall. At its most recent meeting, the LCEF Board of Directors deferred any action on interest rates while continuing to monitor the economic climate.

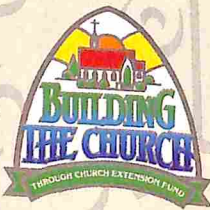

Would you like to help build churches *and* earn a top interest rate? If you would, *now* is the time to join the ministry of Church Extension!
