Saturdays, smiles and sugar rushes, they all matter. So does everything in the Nikon Coolpix® 2100 and 3100 digital cameras. They have Nikkor® optics with 3x Optical Zoom for unrivaled clarity. Portrait Mode with Scene Assist to ensure precise framing and focus. 13 other Scene Modes. And One-Touch Red Eye Fix™ in the Nikon View 6.0 software. Because however silly they get, it matters. No other digital camera captures lookatmeography at a starting price under \$200.

Eva Mendes

"She has this very fiery, earthy quality—she's very soulful," says photographer Nields of *2 Fast 2 Furious* knockout Mendes. So she was determined to capture the Mendes she saw: less sultry seductress and more "grounded personality who wraps her arms around life. I think this is an honest moment of her," says Nields of the image. "She's really sweet and caring, and giggles when you say things; she doesn't necessarily identify with the bombshell that she is."
